Inclement Weather Policy

Dr. Ballal MOVED approval of the Inclement Weather Policy with Mr. Boucher SECONDING. Dr. Schrader recommended that we not have an inclement weather policy and expressed his opinion that a policy would encourage more closing. Dr. Ballal said he has been at Tennessee Tech since December, 1964 and concurs with Dr. Schrader to not have an inclement weather policy. He suggested that everyone vote against it. Dr. Narrie reminded everyone that 1964 and 1996 are thirty-two years apart. Dr. McGee said that times have changed and we have more commuter students so he supports the position that Dr. Narrie has taken. He asked Ms. Maxwell to clarify the last sentence on page 1 "Employees who are not scheduled to work will not be paid for the emergency closing." Ms. Maxwell said it means if someone is on leave that they will be using leave. He also said the procedure for notifying people that the campus is closed looks good except he wondered if the Vice President of Student Affairs should be earlier in the process since that office will be one of the first contacted. Ms. Maxwell said the Vice President of Student Services would not have anything to report about closing until the other vice presidents were contacted. The MOTION CARRIED to accept the Inclement Weather Policy.
