

Office of Sponsored Programs NSF Travel Proposals and Sexual Harassment, Other forms of Harassment and Sexual Assault

An NSF travel proposal is strictly to support domestic and/or international travel for participation in one or more scientific and engineering meetings. A group travel proposal is encouraged as the primary means of support for travel. See NSF award terms FL 26 for more details.

In addition to the items requested in the PAPPG, the PI must secure from the meeting organizer a written policy or code-of-conduct that addresses sexual harassment, other forms of harassment, and sexual assault, and that includes clear and accessible means of reporting violations of the policy or code-of-conduct. The code of conduct must be submitted to the Office of Sponsored Programs for review and approval **BEFORE** the proposal is submitted to NSF. All personnel in the proposal will be expected to abide by the Code of Conduct, if funded.
