

**Student Government Association**

Tennessee Technological University

**SGA Resolution SR-F22-R005**

**A Resolution to Increase the Amount of Bike Racks in Heavily Trafficked Areas on Campus**

*Whereas,* bicycle travel is a fantastic way to promote personal well-being and environmental conservation as opposed to vehicular travel; and,

*Whereas,* many Tech students use bikes to navigate campus; and,

*Whereas,* bike racks are necessary to ensure the security of personal bikes; and,

*Whereas,* many current bike racks are consistently full and other locations could benefit from placement of additional bike racks.

**NOW THEREFORE,**

**Be it resolved,** SGA requests that bike racks be placed or added in locations considered heavily bike trafficked areas. These areas include:

- a. Near or on the back porch extension of the Roaden University Center.
- b. Near Capital Quad residence halls, especially Maddux-McCord.
- c. On Centennial Plaza outside of the Roaden University Center in the area near the Caf exit and stairs that go to the Swoops Food court entrance.

**Be it further resolved,** that the SGA also requests that any areas that are found unsuitable should have a bike rack placed near the suggested area at the discretion of Facilities staff.

**Respectfully Submitted By:**

Cole LeSar

*Senator, Accessible Education Center*
